

PowerBoss Phoenix 26 Eco Walk-Behind Scrubber

The Phoenix 26 Eco is a compact disc brush scrubber with a 26" cleaning path. It is a traction drive model covering 26,000 ft² per hour. The sleek design provides an excellent line of sight and the design results in total operator comfort by focusing on ergonomics. Easy-to-understand controls ensure that the machine is simple to operate. This machine has adjustable speed regulation, an offset brush head for greater view and adjustable hand bails.

The Phoenix 26 Eco features 12 gallon solution tanks and 13 gallon recovery tanks. The recovery tank is easy-to-clean and hygienic while the Anti-Foam System (AFS) protects the vacuum motor from damage. An on-board charger is convenient and allows the machine to be charged anywhere. As an added safety feature, when the on-board charger is plugged in, the machine is not operable.

Brush loading / unloading is as easy as the turn of a switch. The operator never has to manually remove the brushes. Squeegees have also been designed so that no operator adjustment is necessary. A low brush deck design is ideal for cleaning underneath obstacles such as shelves, warehouse racks and other stationary objects. The Phoenix Eco is a cost-effective solution for cleaning large areas.

Specifications

Cleaning Path Width:	26"
Brush or Pad Holder:	Two (2) 13"
Squeegee Width:	35.4"
Theoretical Productivity:	35,464 ft ² / hr
Working Speed:	3.1 mph
Rated Voltage:	24V
Vacuum Flow:	65 cfm
Vacuum Waterlift:	45"
Vacuum Power:	.60 HP
Drive Motor Power:	1.5 HP
Brush Type:	Disc
Brush Motor(s) Power:	¾ HP (2)
Number of Brushes:	2
Brush RPM:	180 rpm
Solution Capacity:	12 gallons
Recovery Capacity:	13 gallons
Weight with Batteries:	372 lbs
Weight without Batteries:	238 lbs
